Director Election

How to: Vote Electronically

Review your completed ballot and click "CHANGE VOTES" to edit, or click "SUBMIT BALLOT" to complete your vote.

6. Your ballot is now complete. Enter your email address on this final confirmation screen to receive a confirmation email.

Cooperative elections provide one ballot per member account, unlike state elections that allow each registered person to vote. Once a member has submitted their electronic ballot, they are unable to modify their vote, or vote again. This screen confirms that the electronic ballot for the account has been cast.
